Built to withstand the rough and tumble of the school environment, Thor is a proven semi framed cubicle system guaranteed to meet the grade in any challenging environment.

Strong aluminium profiles are matched with durable compact grade laminates and tamper resistant fixings with three hinges per door to ensure the maximum resistance against either wear and tear or vandalism. Thor has been designed and engineered to last. Specify index compliant colour schemes from our range of child friendly fresh and bright solid grade laminates. Thor is also available in a shower cubicle configuration.
