**Elan Ultra is a highly engineered, full height to a max 2500mm, inline flush fronted glass toilet cubicle system for maximum privacy in a contemporary washroom interior.**

The unique rebated glass door detail ensures ultimate privacy and the low profile indicator, concealed no through fixings complete the flush finish.

Manufactured using 15.52mm toughened and laminated safety glass, machined components and aluminium extrusions.

Low iron opti-white glass as standard with bespoke colours available. The adjustable hinges are self closing.
